Mermaids are hot, but they take up all my time. It's time for mermaid control...

I don't recall any of that from Dr Seuss, the source of my chinuch of characters, so I don't get it.

Hello. I'm nearing 40, and really dislike the amount of time spent, and lack of control applied towards porn. I'm an internet professional, so it's very easy to stumble into that. I currently live in Hawaii, where bathing suits are minimal at best...so it's a challenge. I really want to adhere to HaShem's ways. This is a step in that direction. Thanks for awesome tools GuardYourEyes.
