

MY STORY...

I feel that it would help to share my basic story & hear what everyone has to say.

My story: when i was abt sixteen i once masturbated (More or less by mistake) im not sure but i think it was just that good feeling that pushed me to do it more and more and more! At one point in yeshiva there was someone who always spoke unclean and caused me to check out some sites (Porn etc...) when i got internet, and that got me hooked, there was nothing to do to stop it! (Even 6 years l8r!!!!) i just felt this need to masturbate with the porn, at one point in yeshiva without internet access i tried phone sex in place of the porn! All this warped my mind and i used to see people and think, wow they have a nice \_\_\_\_\_ etc. It drove me insane that i cant see normal things even like people around me, and cant think straight anymore!!

What does everyone think, is this just the enjoyment that caused this (like i think) or some underlying factor that i dont realize?

You know what?

Now that Abie mentioned it, I personally believe access should be provided to a bachur that's engaged, to the BB section

For example [this](#) post I wrote is very very important...

Sasha, if you're not given access, let me know and I may copy that post to the general forum

Hi Sha. How's married life treating you. Or, better yet, how are you treating married life?

Yea. that too. I've often found it interesting that wife and life sound so similar...

That seems to be the motto even with Hebrew words.
