welcome. this thing really really works. but its not as instant as not wanting to get tested, and poof, it disappears. take a look around the site, download and read the gye handbook, and keep posting ... we feel what you are going through, and we are here...

You are ashamed of bein' on which sites? the other sites or this one?

Struggle is not worth it, but this is your last resort!? Is it worth it, or isn't it?

WELCOME! Read the handbook. Post on the forum. Tell us some more about your struggles. We are all in the same boat. There is nothing to be ashamed of here. We are all here to support and help one another. Many people have been helped here, you can be too.
