

Story(ies)

Posted by Aryeh821 - 13 Mar 2016 04:24

I created this thread as a place to share stories

if there already is one for this or its in the wrong section I apologize

I guess I'll start off

Something happened a few minutes ago that I thought was amazing

I was about to fall

it was after a long day of temptation about 11:15 and as I was about to start I heard someone try the handle of my front door I immediately run upstairs to tell my parents and we checked it out and it turned out my parents had pre-ordered a book called the gift of stuttering and it had just been dropped off everyone was relieved but curious as to why they had come so late

but I knew

i just felt liked I needed to Share

i am grateful to Him for saving me

Wow, amazing. It seems like you have been putting in the work to "get better", you do your best and Hashem does the rest. Hashem is calling you, He wants you close to Him and this is a true sign of it.
