

Ano Nymous Part 2 - A new year and a new 90 day journey!

Posted by Ano Nymous - 21 Nov 2009 23:43

Hi Guys,

I have (stupidly) neglected this forum because I was simply overwhelmed by the amount of new material on here on a consistent basis. I started my 90 day trip last year on November 20th, and I'm doing the same this year. I've set up my cell phone in such a way that I will be able to send and receive calls for free so I can call my partner and call the phone conferences for free.

Today, Shabbos, was day 2. Let the chizuk flow, because this will NOT be easy. I'm reaching for a new plateau compared to last year. I fully believe that when faced head on with temptation, I am completely powerless. I become a shell of myself, completely out of control. I know though, that if I never give up and I take the right steps, I will win the war despite the lost battles. Signing off,

Ano

Ohhhh

On a serious note, Shabbos was nice, and I'm taking full advantage of the neder to help me get back up. I'm sure all of you guys know what it's like after a fall; the images are fresh in your head, and they make appearances when you least expect it. I've found that having a neder in place for a short period of time (a week) helps me just quickly push them away because I don't want to break my neder, which could happen if I let them hang around. This week should be very busy with finals and all, so it shouldn't be that difficult.

So you were that weird lady who answered my call to that number

I'm just checking in here. Finals start today, so I'm getting ready for the stress. I hope I do well...

I haven't had any major issues with lust yet. I'm just going day by day and I'm happy that it's hardly ever an issue anymore. I'm certainly not going to let an isolated fall get me down. I'd like to live through Shovavim this year the way I did last year. Clean as a whistle...

Have a good day everyone (who is reading this post, meaning Guard and possibly 7up)! :D

Ano, this year's shovavim will be even *better* than last year's - greater growth, greater change!
