Thank you all, those who posted and those who did not,
encouraging and thoughtful that i know i can do this for good !

B"H the decision period is over though I am not happy with the results, my pride ans self esteem are down in the sewers and I do not know what to do now.

This has not made my lusting any worse ,for now, though I need to pick myself up before it gets worse.

Thanks for "listening" and may everyone have only good things come to them

Mayan,

Being that I don't know exactly what's happening with you, I don't know that what I'm writing will be helpful/applicable. If it's not, please disregard it. This thought came to me recently, when I was worrying about some difficulties cropping up in my life. In the midst of my worrying, I thought back to the most difficult times in my life. To somewhat put it into context, my very extremely painful divorce (which even though it's over, since we have kids, the divorce I'd never over) is not that close to the most difficult time. Despite whatever I went through, whatever pain & whatever difficulty that I went through, I made it to where I am now. I made it through when I thought that my world was over, that there was no reason to keep living & here I am, feeling content with my life. It made me realize how sometimes, difficult times puts life down more than it should. A relative of mine always says, "this too shall pass" & it's true. At some point in the future, you may look back to this point in your life & say "Wow! That was such a crazy time, so painful & agonizing! But here I am, I survived that and while I have a couple of scars from this time, overall, I'm doing fine".

Sometimes our minds try to convince us that there's absolutely no hope, but that's usually not true.

I really hope that this helped you. If it did the opposite I apologize.

BB

Neither did I. But even if I was related to ???? ???? , & even if I was ???? , GYE is still one of the most helpful things I've ever come across in my life.

Still clean B"H

But had a really erotic provocative dream that ended up being a wet dream. I still remember the dream vividly and feel really down about it as I think that I know why I had it and need to control myself more.....

Please continue to have me in mind that if it is the right thing for me that I should be accepted into this kollel

Sorry to hear that

I've been listening to Dov recently

He raised an interesting question - I hope I'm (dov) quoting correctly

Why do we call it a "fall"?

So then are we not in control?

What moving on is there to do if we are outa control?

This truck is broken

Why do you think I am a worthy person?

I would rather call it a failure. I call it a fall as that is what the lingo is here.

No we are not in control when in the lust. Moving on has many meanings, I had in mind 2

1) One moves on in life and does "steps" to stay out of lust

2) Hamaivin yavin

For the record the big book calls it a fall.
