1. not doing well fell again today
2. been trying to setup a meeting with someone to discuss how to live.....
3. i think i need to change the name of this thread starting to lose faith in myself
4. and no meetings are not an option .

1. Sorry to hear

2. "Trying and Tryin' are 2 different things"

3. I believe if you change your thread to "I can not make it", you may find success faster

4. No will, or practically impossible?

2. please elaborate

4. both but mostly the latter

About #2, Cordnoy has something in his signature about "2 different things". Yet his Tryin' is different than the regular "trying". I hope you can get what I'm *trying* to say
1.

sorry I don't get it yet not trying to be difficult

but let me add that I have had a meeting with Dov set up but had to cancel do to a medical situation and we are trying to find a time this week for a meeting

I commend you for taking the action and going to your first meeting.

The miracle that you hope for will happen when you throw yourself into the program.

It works if you work it... So try to get a sponsor and start working the steps.

May Hashem bless you with the strength and courage to do what it takes.

Hatzlacha rabba!

Awesome that you upped the ante and had the courage to take that step!

This is an inspiration for me to remember that I need to do whatever it takes to get better.

Good luck!
