

Maybe we should just close down GYE?
Posted by the.guard - 26 Dec 2016 17:20

Guys, we have a treasure on GYE, right in our own backyard and no one is using it!

Dov, who is sober in SA for almost 20 years, and who has the experience of speaking with thousands of struggling Yidden these past 20 years, is right here on GYE offering to speak with you for an entire hour everyday from 8am - 9am EST. (See more info on the call [here](#)).

You can discuss your deepest fears and secrets with Dov on the call, or send him your questions beforehand at wequithiding2@gmail.com.

Last week we had some nice calls, you can listen to recordings [here](#). But today, this Monday, there was NO ONE on the call! WHAT?? Do you guys realize what an incredible opportunity this is?? Dov is worth his weight in gold! In MNSHO, he is wiser, more experienced and better than any therapist, and GYE is offering this opportunity for free to y'all and no one is taking advantage of this?! I am shocked. I think we may as well just close down GYE. It seems no one

And don't talk to me about sleeping-in late on Chanukah. Tell that excuse to the Greeks.

I'm not a call guy - wasn't on last week, but I guess there are also guys that were considering if they want to get real and give Dov a real call so they join his private call, and they're not ready for that yet

I don't know if you read a recent Dov post that many are trying to stay in hiding on this forum, and each will come out in his time, like the flask of oil

Seems you are confusing his "Desperadoes call" with the new morning call. The new call doesn't require getting "real" and calling Dov before hand. You can just listen in, or send in your questions before hand.

So, my point bein' especially Reb Guard, you can't have it both ways. Are people readin' this gonna flock to his calls? They are on GYE. Joinin' Dov (which might be a great thing for some or many) means gettin' off GYE. Bein' on GYE means that one is not prepared or ready for Dov's recovery method. If you are advocatin' for Dov's call, you might wanna stand outside the meetin' places. If you are advocatin' for GYE, then Dov's call is not the place for you.

. You see, we want people to come to GYE, play around while staying in hiding, get slowly comfortable, learn about recovery, and then start getting **real**.

You can't play a game without having someone play against you. But we're both playing the same game.

"GYE is offering this opportunity for free to y'all and no one is taking advantage of this?! I am shocked. I think we may as well just close down GYE. It seems no one is using the site anymore."

I feel like this is a slap in the face.

Yes, I don't think i would have gotten to my place without dov's pushing me and challenging me the first few days i was on the site, but since then (almost two years,) i have not had too much to do with him. Not on purpose - it just worked out that way.

I have been clean since I joined the site, and have grown in many many areas of my life, besides lust, and i continue to grow. I still am in regular contact with friends that i made through gye and read almost all the posts - I receive them all as emails.

If I and others like me are not a reason for GYE's existence as long as people aren't showing up to a specific phone call, then perhaps go ahead and close it down.

Unanumun, please forgive me. You are right, I shouldn't have used such language. I was just a little shocked when Dov called me today that no one called in.

You are a wonderful GYE success story, and we all salute you. The whole GYE would have been worth it for you alone! Halevai more of our members should be like you. Keep up the good work!

Unanuman was justifiably shaken up

Imagine if GYE would be disbanded...

Actually please don't!

LOL. We fooled you guys good.

My Mashgiach says the old guard used to behave on Chanukah the way we now behave on Purim.

Or was it the other way around?

Woops. I just gave out the secret.

Il clicked "thank you" here, for I think it is a nice mehalech. Personally, I don't think that is your real intention though. Call me skeptical....oops, that name is taken already.

On a personal note, I find that time to be almost impossible as that's carpool time.

OOr supposed to be driving kids to school time if I'd actually be up on time which never happens.

Think of it like a shidduch.

Why a shidduch?! I would say he's more like a teacher. If you don't understand something, ask.

watson don't you think that by a shidduch you should also ask when you don't understand:stuck_out_tongue_winking_eye:

personally the time doesn't work for me as I'm in israel and running to shiur then

By the way, another point:

Thesel calls are recorded.

People on GYE are in hidin'.

They don't want their voice recorded forl the public and for posterity.

Clarification: the first ten minutes are not recorded. Additionally, you can ask questions via email.

Woops. I just gave out the secret.

A good-cop bad-cop scenario can get the offender to spill the beans, but the criminal does not then talk to the 'bad-cop', they run from him. In the example of GYE, Dov is the 'bad-cop'. If that's the strategy, then the call makes no sense.

personally, I've been helped tremendously by gye, and my entire life has been changed, which is why I've been very offended whenever I hear Dov putting down this site and those who use it. It would be hard to open up and accept advice from someone who tells me that all of my recovery work for the last two years on gye and those connected with it is fake.

Its not.
