

My Story, the second first day

Posted by OneLife - 24 Nov 2009 07:22

Hi, friends.

The first time I started my 90 days journey I thought i will succeed.

My problem to stay clean is the triggers that i can see everyday.

everyday i'm going by rail to my work, 7 years already. there are a lot of triggers i can do efforts to get my head down, but its not simple at all, to do that for two hours everyday for years.

the second trigger is in my work, i sit near two weman that come to work with very provocative clothes.

I don't know how to struggle with this daily triggers.

moreover , I connet to Internet "Rimon", and this is the worst filter i have ever seen before. but i disappointed.

their filter crashed when i start to challenge it. it miss a lot of inappropriate web pages, i spoke with them about that, but they didn't fixed their breaches, just a little.

i submit a request to rav Sherlo to do something with that, since it could be that a lot of males fall when thay surf through internet "Rimon".

I havn't got an answer yet.

today i started my first day clean, I wish with your help to succeed.

Thank you, friends.

By the way, I made kinda specially for you - unfortunately, at this tiny size, it's hard to see the leather trenchcoat, shotgun, and tefillin....so I may change back to the ninja. We'll see...

What do you think?

I had to go to my friend's house, borrow his shotgun, put on tefillin a second time...(and yes, the tefillin are real! :D)

PS - to the guy who thought it was an airsoft gun - nope, it's a tactical shotgun. I believe SWAT teams used that precise model until a few years ago...

A quick visit to check on my friend OL always pays off.

Hope you are well, chaver. I just finished Day 58, according to Mr. Chart, and i see you are not far behind, tzaddik.

Whatever happened to our idea about keeping a journal of a chesed a day? How about we start up that again?

Whaddayasay?

Hey there One Life,

Sorry I've been gone so long, but I can't believe that while in my absence you were so willing to give up the leather trenchcoat and shotgun for a ninja costume???

Ouch!!

I just clocked in at 56 days, still going on with my plan to cross the 90 line with you and Steve.

Keep rocking in the free world!!!

thank you all, my friends.

yah, i'm a bit busy the last time, thats very good for us.

58 days clean, nothing new besides feel that 90 days are very long streak, aren't them??

week after week, and the days pass a little slowly... ???

but as long as im clean, no matter how quick they pass...
