

My Story, the second first day

Posted by OneLife - 24 Nov 2009 07:22

Hi, friends.

The first time I started my 90 days journey I thought i will succeed.

My problem to stay clean is the triggers that i can see everyday.

everyday i'm going by rail to my work, 7 years already. there are a lot of triggers i can do efforts to get my head down, but its not simple at all, to do that for two hours everyday for years.

the second trigger is in my work, i sit near two weman that come to work with very provocative clothes.

I don't know how to struggle with this daily triggers.

moreover , I connet to Internet "Rimon", and this is the worst filter i have ever seen before. but i disappointed.

their filter crashed when i start to challenge it. it miss a lot of inappropriate web pages, i spoke with them about that, but they didn't fixed their breaches, just a little.

i submit a request to rav Sherlo to do something with that, since it could be that a lot of males fall when thay surf through internet "Rimon".

I havn't got an answer yet.

today i started my first day clean, I wish with your help to succeed.

Thank you, friends.

We're all here for you, we're your bodyguards...but remember that you're pretty awesome yourself!

Picture this...momentarily, your bodyguards are distracted when an assassin steps out of the crowd, jumps over the barricade, and heads toward you. He's smirking - your bodyguards are distracted, you're alone, defenseless. Suddenly his grin falters, as your tefillin-clad hands sweeps out from behind your own trenchcoat, carrying a mp-5SD (that's a submachine gun, for those of you that don't know, with a built-in silencer) spitting flame....

Like I said...you're pretty awesome yourself!

My point was that your bodyguards are always here for you - but even if your bodyguards are busy, you can take care of yourself ;D

You should just know my friend OL, just about 15 minutes ago i was having a real weak moment and i was "surfing" and i felt like i was starting to slip down the slippery slope, but then i said to

myself, how can i do it to all me friends?? They want it for me so badly. If i dont have the strength to do it for myself at least i can do it for you and all the others!!

Thanks for the constant chizuk. It is really appreciated!!
