I have had one as well a bit over a year ago, as you remember. please read my thread the last 2 or 3 pages and you will see that it is indeed possible to pick myself up after a fall with Hashems help.

Keep on trucking brother and you will be fine. it is a new era in your recovery, and im sure you will recover and move forward.

Shvisi

I feel the same as you brother

I feel with you brother

The act itself doesn't physically bother me as much either, but the after effects are too painful for me, e.g. Lack of sleep etc etc etc which are part of the package...

wow!! what a night, I wish it would be just a dream, but no, it was for real, I had last night a major fall, I acted out not once, and not twice, but three times, it was like taking revenge for the last 237 clean days, should I say that I'm back at stage 1? where I just didn't care about acting out? I loved it? I don't know, yes and no, but at the moment, I don't feel that I want to stay clean, and that's why I'm back here. I need the support..

all started last night, when I just couldn't fall asleep, so somehow my hands traveled down where it shouldn't, with no bad intention (mmmm can is say it for 100%? I don't know) I really didn't had in mind what ended up happening, and no, I didn't had access to porn the last year... I was in a good mood, so I don't know what was the trigger, probably loneliness, but I started playing with myself, and from there its history, I felt like taking revenge on all this clean days, no, don't get me wrong, I was very happy to stay clean, and I didn't even dream of ruining it, it was great days, every single one of them, and it wasn't that tough staying clean, but I guess that this is happening when you feel this wrong security on yourself, I was just giving out all my energy on acting out.

so now after this stormy night, I feel like, why going back to start this struggle? why starting again? and that's why I was hesitating this morning to write it out here on the forum, if I'm not really interested to continue why getting on the forum? but the truth is, at the end of the day, I, my real me, do really want to stay clean again, and that's why I'm here, I don't want to get back as a double person, but my real problem is, why do I currently feel that I'm fine with acting out, I have to admit, that I didn't feel bad at all in the morning by acting out, and I would do it again, I have no regret at all, isn't that strange? am I normal? Its battering me why im comfortable with that. I would continue doing it, but I know that its a terrible thing and that's why I'm here, against my will... I need the support, I will start again 90 days, and I will get myself a new partner, and I

will start a TAPHSIC, but as of now, I don't have to KOACH to do it, I'm still easy going with it...

another problem, im extremely busy at work, i just dont have the time to post here, but ill force my self doing that every day, its a must for me in order to start again....

I need your support to get me going..... I feel like going on the street and scream
HHHEEEELLPPPP!!!!!!

Warning: Spoiler!

sorry to hear. But you came back and shared with honesty and commitment so you're already on the way back up!

More than the YH wants your fall, he wants your Yiush. Don't give it to him! You know what you really want deep inside. Everything else, all the doubts and numbness, is just a shell and an illusion. Pick yourself up, learn from your experience and keep moving forward. KOMT!!

I second Gevura!

A ball that hits a wall with a lot of force, rockets off that same wall with as much force (ki'mat)!

Honesty is the key to unlocking this, and you seem to have that on your keyring. (as well as many other great things, like the humility key, etc...)

Hatzlacha and may this next stage grow beautifully one day at a time, into a gorgeous blossoming tree to which others getting sucked in by the deluge of lust can grab on.

Shivisi, sorry it took so long to respond. Sorry to hear about the fall. However those days are yours forever. The lesson you taught yourself - and all of us - that "it can be done" stays forever. When climbing a mountain, one has to cross ditches and pits in order to reach the summit. Falling and bruising our knees on the slope is not the same as falling off the mountain. I heard from a veteran psychologist that for some reason masturbation leaves us feeling dirty and worthless - more than any other sin. The yiush is palpable and powerful. We beat ourselves up. But it is imaginary. After over 200 days look back and celebrate! Drink a l'chaim as you **continue** (not start again) your journey. May Hashem give you the koach, seichel, patience, and love to keep inspiring all of us with your positivity.

Day # 2

and yes, it past another day clean, BH, no struggle at all, which is not that good, because it gives me that feeling that im secure, and i think that i dont have any struggle is, because im not thinking at all about this entire thing, i just let it go, its not my thing, but the problem is, that when that trigger gets in my way, then im to weak to fight it off, lets hope ill have the strength to get rid of that trigger.... because i know that it will hit me one day....

Day #29

Today is my 29th clean day, i'm marching forward, i wont let myself into a mess again, but yes, its tough... summer is here again, and its no joke, the streets are horrible, and its getting worse every year, the only way i survive is, by committing myself **BEFORE** leaving the door to the street, that i wont pick up my eyes on the street, and thats the only way...

Let's Stay Strong! Let's Stay Clean! And let's be positive and happy, Yes! We can and we will do it! And Together....
