

Still Raging Against The Machine

Posted by Cry2Tatty - 30 Nov 2009 01:17

so thats pretty much the deal...i showed up here one day by accident and saw something weird...here were all these jews that where putting up a genuine resistance to the evil empire that is lust...in all my wanderings ive seen some crazy crap but something like this? not at all...i saw two dozen frum blogs but alas, they too were contaminated by the lust assault..poor figures...nothing more than drones following the creed that larry flynt recieved himself on Mount Sinai...disguised as frum sites but nothing of the sort, really....did i find any voices that said, "look, this sh** aint right..."...probably but a quick peruse through and i discovered that they were either out of touch with reality or just plain silly...and then i bumped into this site...and here was real and GENUINE and honest solutions....so i came...i looked around...marveled at all the flakes that took up residency here....

well, im now on at least 20 days of no pr0n and no bating...which is a miracle...its been years and years before i came here that i wasnt able to pull 5 days together and many many months where i stopped even trying....i dont know what happened but the group support and the genuineness of the good folks here and hearing their experiences and lo and behold i am a changed man...

the changes were not only in me but perhaps even greater in the people around me...no longer driven by lust i saw people (WIFE) in a new light and the changes in the way we relate to each other was quick and vast....this is perhaps what i owe GYE the most for....

i dont take myself too seriously and i hope you dont either....

Sigh...Rage, now you're making me want to raid your cabinet!

If the kumzitz ends up happening, if it coincides with my 90 days (b'ezras hashem), I'm thinking about bringing a l'chaim...

Rage, would you come to a kumzitz?

For you? Well, I don't know many punk songs, but we can do some alternative, if you want (at least, as far as I'm concerned)...I can play a bunch of solid stuff...

Greenday...well, that's borderline punk, maybe...no?

I can play one or two of their songs, but most of their stuff doesn't translate that well to acoustic...

I can do some smashing pumpkins, nirvana, alice in chains, metallica, etc...

Ragester - sorry for this short hijack of your thread for alcoholic purposes.....but:

Reb b - Not that I am even close to done with my bottle of Woodford (only for after the fish at Shabbos seudas), but someone told me that "Elmer T. Lee" is better than Woodford. Are these rumors true, a machlokes, or sheker v'chozov (bar minon! Puy!) ?

Humbly and fearfully,

- your happy little talmid

Greenday...well, that's borderline punk, maybe...no?

greenday is like the ambassadors of punk...its like a gateway-punk-band...

most of their stuff doesn't translate that well to acoustic...

they actually wrote accoustic songs, you know...btw, you know bad religion put out some accoustic too..its mad awesome..

i absolutely love nirvana and the pumpkins and alice in chains but as a punk rocker im sworn to hate metallica (even though i secretly like their stuff too)

Really? bad religion? Any recommendations?

Re: metallica, I can only play a few slow songs (nothing else matters, mama said) - we'll play it after everyone else leaves, so there are no witnesses! Or, you can complain bitterly, but sing

Reb b.

Thanks for your chochmess in this meshugeneh topic. I was curious, r"l.

But guess what? The guy pushing me to Elmer land has **no chance**.

along anyway.

I drink a shot of your Woodford after the fish on Shabbos and say, "in the z'chus of the Berdichever!". My kids say, "whay do you so that, Abba?" And I tell them about the first Berdichever and tell them that there are people nowadays who walk in his footsteps. They think I am nuts.

I'm a bit late in this conversation, but I highly recommend Basil Hayden as one of the best bourbons out there. It's a bit more expensive than the W, but ah... so good it makes me

Rage, If there ever is a kumzitz (and we can convince you to come), I'm going to look forward to hearing you play!

Haba - how expensive IS a bottle of woodford, and Basil H?
