

Still Raging Against The Machine

Posted by Cry2Tatty - 30 Nov 2009 01:17

so thats pretty much the deal...i showed up here one day by accident and saw something weird...here were all these jews that where putting up a genuine resistance to the evil empire that is lust...in all my wanderings ive seen some crazy crap but something like this? not at all...i saw two dozen frum blogs but alas, they too were contaminated by the lust assault..poor figures...nothing more than drones following the creed that larry flynt recieved himself on Mount Sinai...disguised as frum sites but nothing of the sort, really....did i find any voices that said, "look, this sh** aint right..."...probably but a quick peruse through and i discovered that they were either out of touch with reality or just plain silly...and then i bumped into this site...and here was real and GENUINE and honest solutions....so i came...i looked around...marveled at all the flakes that took up residency here....

well, im now on at least 20 days of no pr0n and no bating...which is a miracle...its been years and years before i came here that i wasnt able to pull 5 days together and many many months where i stopped even trying....i dont know what happened but the group support and the genuineness of the good folks here and hearing their experiences and lo and behold i am a changed man...

the changes were not only in me but perhaps even greater in the people around me...no longer driven by lust i saw people (WIFE) in a new light and the changes in the way we relate to each other was quick and vast....this is perhaps what i owe GYE the most for....

i dont take myself too seriously and i hope you dont either....

My friends,next time you go to a sushi bar,just take a look at it.

And when you puke,turn away.

It's not polite.

I fasted today. It's nice just to get the focus off the physical elements of life, if only for a short amount of time. I should do it more often; I'd lose a nice amount of weight :D

Fasting is a terrible way to lose weight. Most of that weight would be water, muscle tissue, glycogen, and bone density.

Just sayin....

Here comes the professor...

and silent battle , if you think the taste is the rice then you haven't even begun your exploring of the sushi world...

Who's the professor?

I think I'm going to invent a sushi flavored ice cream to end this once and for all. This way everyone will win!

fish... and milk...

not allowed for sphardim

and gross....

but you can make some for those of you out there who actually think there's any type of competition

in my opinion, ice cream wins hands down.

only things that competes with ice cream:

mac and cheese

sour sticks

cajun fries

tis true! poor sephardim can't have lox and cream cheese! (I think some do, actually, believing that the fish and milk thing i s a printers mistake in Beis Yosef)

Yeah, but they get to listen to music during the 3 weeks, and eat chametz during pesach - heck,

I'm sure that Max and Mina's ice cream store in Queens has tried a sushi-flavored ice cream. I mean, they've had cholent-flavored ice cream, and chrain-flavored ice cream. If they haven't done sushi yet, I'm sure they'd be willing to give it a try.

And TrYiNg - indeed perhaps I have not yet begun to explore the sushi world. I didn't say that all the taste was from the rice - I said that most of the flavor seems to be. I guess for people that

eat sashimi, that would make more sense to me. But I'll stick with a medium-rare steak for now.

Hey everybody, let's bash each other!

Sfardim vs. Ashkenazim

Chassidim v.s Misnagdim

Flakes vs. Tattys

However, in order to make sure that no one knows that really mean it, make sure to write at the bottom of each post: "this is a joke" ;D ;D
