

Still Raging Against The Machine

Posted by Cry2Tatty - 30 Nov 2009 01:17

so thats pretty much the deal...i showed up here one day by accident and saw something weird...here were all these jews that where putting up a genuine resistance to the evil empire that is lust...in all my wanderings ive seen some crazy crap but something like this? not at all...i saw two dozen frum blogs but alas, they too were contaminated by the lust assault..poor figures...nothing more than drones following the creed that larry flynt recieved himself on Mount Sinai...disguised as frum sites but nothing of the sort, really....did i find any voices that said, "look, this sh** aint right..."...probably but a quick peruse through and i discovered that they were either out of touch with reality or just plain silly...and then i bumped into this site...and here was real and GENUINE and honest solutions....so i came...i looked around...marveled at all the flakes that took up residency here....

well, im now on at least 20 days of no pr0n and no bating...which is a miracle...its been years and years before i came here that i wasnt able to pull 5 days together and many many months where i stopped even trying....i dont know what happened but the group support and the genuineness of the good folks here and hearing their experiences and lo and behold i am a changed man...

the changes were not only in me but perhaps even greater in the people around me...no longer driven by lust i saw people (WIFE) in a new light and the changes in the way we relate to each other was quick and vast....this is perhaps what i owe GYE the most for....

i dont take myself too seriously and i hope you dont either....

Good luck Rage, we are rooting for you

You can do this, Rage - figure out beforehand what you'll do to relax - maybe go for a jog in the airport? :D

Seriously, though, plan out your schedule, and as much as possible, don't leave time for falling!

So make a special routine just for this trip, and stick to it as much as possible. If you'd like to learn a bit over the phone, we can schedule that in (I'll give you my google voice number).

And of course, I'm davening for you, too.

You can ask OneLife if you can borrow his bodyguards...

You could get out of it by causing a "security breach".

Seems to be a pretty popular move these days.

But seriously, best of luck to ya. I despise traveling. I know what you feel like.

Godspeed.

I'm amazed by the fact that you were aware of the danger, and you responded, you went out and lived life! I'm in awe!

I guess no one else is commenting on that because they're already used to it from you...

I'm glad that for me, it's still new enough that I can see the nes. You are incredible!

Like 7up says, scary is good - it shows that you're aware of the situation. But you're perfectly capable of winning, no matter what the yetzer hora tries to convince you of...

And, of course, I'm going to have to scope out ice-skating places, and see if i can figure out who you are... (yes, I'm joking) :D

Good luck rage.

If you pass this, it will be a tikun for all other times you were in a similar position and failed.
HaShem is giving you another chance to make it up.

Make for yourself a list of red lines that you won't cross no matter what, and stick to it no matter how you feel.

We believe in you.

Well said, Momo - after all that's one of the definitions of complete teshuva, right?

And hey - if it closes the 24th, then this is a perfect opportunity!

the spiritual world these days - it's like haiti. someone people are out there helping, but ultimately, big brother isn't gonna help you. it's gotta be real, and be you.

No, the a-rabs wait till the aftershocks of poverty and crime set in, then they set up well funded wahabi madrassas to find new recruits to the religion of love...
