

Still Raging Against The Machine

so thats pretty much the deal...i showed up here one day by accident and saw something weird...here were all these jews that where putting up a genuine resistance to the evil empire that is lust...in all my wanderings ive seen some crazy crap but something like this? not at all...i saw two dozen frum blogs but alas, they too were contaminated by the lust assault..poor figures...nothing more than drones following the creed that larry flynt recieved himself on Mount Sinai...disguised as frum sites but nothing of the sort, really....did i find any voices that said, "look, this sh\*\* aint right..."...probably but a quick peruse through and i discovered that they were either out of touch with reality or just plain silly...and then i bumped into this site...and here was real and GENUINE and honest solutions....so i came...i looked around...marveled at all the flakes that took up residency here....

well, im now on at least 20 days of no pr0n and no bating...which is a miracle...its been years and years before i came here that i wasnt able to pull 5 days together and many many months where i stopped even trying....i dont know what happened but the group support and the genuineness of the good folks here and hearing their experiences and lo and behold i am a changed man...

the changes were not only in me but perhaps even greater in the people around me...no longer driven by lust i saw people (WIFE) in a new light and the changes in the way we relate to each other was quick and vast....this is perhaps what i owe GYE the most for....

i dont take myself too seriously and i hope you dont either....

BTW Rage I can't do an image search on my computer b/c of my filter. I would advise you to have something of the same (after you find me a picture, of course).

It bothers me when you write "No more falls!" because I'm afraid that will just get you down if

you fall, C"V. How about "I won't fall today" and repeat that every day?

I take back what I wrote yesterday. One approach (SA) is one day at a time. Another approach (RR) is no more falls, ever!

Whatever works for you is good.

Not trying to open anything for debate, but I wanted to "correct" what's been on my mind bothering me since yesterday since I started reading some of the Rational Recovery material (<http://rational.org>).

That's it for now.

Thinking of you.

sounds like a better way to numb yourself than we've had before...

I wuz here. :

If you're gonna bury yourself in cheese, choose a block of swiss... you can breath through the holes.

Pinot? Try a Lambrusco, dude.

Have a GREAT DAY, Rage. Post when you can. life is so much more exciting when ur around...

Agreed. **Forget the Pinot** and go for the L'ambrusco - or better yet, try Montepelucciano d'Ambrusio. It's **real** nice with any of those cheeses.

Cheesball.

I may be wrong, but I don't think that SA and RR are arguing - they both agree that the goal/plan is to stay sober forever...and they both agree that you can only focus on what you're doing in the here and now...

Then again, I don't know much about the RR approach...
