

Whatever it Takes!

Posted by mr517 - 25 May 2017 16:55

Hi Everyone,

It's been a long time coming. I've been on GYE, I've left, I've been here, I've left. I've been in therapy for years. I'm married, with children, but I've been a serial sex addict (acting out in the worst of ways), probably a pot/internet addict for many years. I'm reading and working with a workbook that has been very helpful. If you'd like to know more about it, definitely let me know. But I'm here because it's time to change my life around, in a very big way. I've instituted certain lifestyle changes, and I'm committed to the extent of - whatever it takes! I have too much at stake here to fall short. I'm finally ready to take the next step and become the hero I'm meant to be. Wish me luck - one day at a time!
