

Add Your Forum Link?

Posted by A Good Jew - 03 Nov 2019 18:50

Hi all,

Doing good so far, B"H!

Regarding the "Add Your Forum Link" link on the 90 Days Chart, which asks me to enter the URL of my thread on the forum, exactly what URL is it asking for? How do I find out what it is?

Thanks!!!!

Here is your Forum Link

I think the idea of adding the url is for you and others to follow your progress, so it would be beneficial to keep posting regularly on your forum link thread :-)
