

There must be a way

The y"n gave me a new line of thought today: stopping cold turkey is not for me. I'll forever feel like I'm missing out and I'll get depressed. I should really make my streaks go a bit longer each time.

This is after trying to stop for well over 10 years. How crazy is that?

?I now see even more clearly how he has powers of manipulation that we cannot fathom

Doing it for my good of course. I shouldn't always feel like I'm missing out

The creep

I hereby start my journey to purity

The reason I have not officially done this yet is because I feel that the order of the forum is cleverly designed. I first introduced myself. Then I started a log of trying to break free (this actually in the marrieds section as it's a bit along those lines)

I did not in any way have the strength to attempt a 90. But now I think that the time is ripe. Even if it takes a few tries.

Day 18 (BTW it's my first time at day 18 in my life)

Hatzlacha guys

I am 4 days clean from masturbation for the first time in several weeks. I did see some very explicit content yesterday though.

I spent record amount of time with my wife this week (we usually have like one night a week together) and would not have strength to fight if not for having her available but I am happy to be at this stage now. I know that it's against the ODAAT policy.

On the way up

Happy to hear about your streak and the time you spent with your wife. Just make sure to be careful to avoid seeing anything you shouldn't see, because you will regret it later. I say spend as much time with your wife as you can. That way when you're not around her you might want to mess up less because your relationship with her will grow stronger from the time you 2 spend together. It's just an idea, but it can't hurt to try!

I had a bad slip last night, bad enough to count it as a fall. At least it was over quickly

Sometimes its easy to lack motivation to get a long streak because we won't be able to get our pleasure of acting out. Meaning if you have a streak of 0-7 days you might think alright i don't have such a big streak it will only take a few days to get back to where I am. But following that logic you will never reach greatness and break free. Not saying your doing this but theres something thats the problem here because youve been in a bit of a rut. What are you going to do to get out? Why don't you set yourself a flexible goal - 2 week clean streak by the end of may or st similar? (thats one of the ways I personally broke free)

Thank you both for asking

B"h I am feeling more like I'm getting back into it, currently 5 days clean and had 5 days several times recently which is on the way up.

What I am really devoting much of time and energy to is my work, trying to pay up the bills on time.

I do think of gye quite a bit though but the thought of trying to put my feelings on paper (or on screen) is just too draining.

I have also not been on the phone for a few weeks but I hope to make a call sometime this week if I can ly"h.

Sorry about the way I sound, I know it's depressing but I really want to say that my inspiration comes from you. And that inspiration grows as you guys grow
