That victory is etched in stone forever. Dust yourself off and get right back up. Don't let the y'h
take advantage of the situation.

86 days and then what?

What changed?

And if it happened after 90?

Come on! Get back in there! It's not about days, it's about being free from all this garbage!

I ought to say 86 days is a hell of an accomplishment! fall once every 86 days for the rest of your life and you will probably have a place pretty close to the throne. even better if you do 87 next time.

But ooooooooh don't do the fall 17 times until I start again because "what the heck I am at zero anyway" thingy, not after 86 days of realizing that your life is perfectly fine and dandy (and most likely happier) without it.

oooooooooooh noooooo!

FSKOT as they say here.

All the best,

Wilnevergiveup

And then I got right back up, did another 4 days, then another 86, and then I broke free forever. That my dear children, is the story of how one time I never gave up, and truly made Hashem very happy.
