

Getting Up ... Again

Posted by DovidS - 27 Oct 2021 21:30

Trying to manage this again. Sadly, pornography is pretty low down on the list of my addictive behaviors; but while I am managing worse forms of acting out, this continues to elude me.

Trying something new with this, and hoping being with a chevra on a similar journey will help.

Welcome! This is a great place to get Chizuk - there is a very wide range of what the Chevra here have struggled with in the past or are currently struggling with. I have certainly felt only respect, admiration and empathy - I hope you'll feel the same. The fact that you are "Getting up...Again" alone speaks volumes about your commitment to fight and succeed in your struggles. Hatzlocha!
