

90 day log!

Posted by TheYoungerTwin - 05 Dec 2021 01:29

im lo achshav, eimasai

I just fell last night.

i haven't gone 90 days without masturbating in the past 4 years. The closest I got was maybe a month and a half. I don't just need to stop, I really WANT to stop. And I have to accept that I can't do it alone.

So, bli neder, I will post an update every single day (except for when it's impossible) so I can keep focused, stay motivated, and keep the "one day at a time" mindset.

May it be Hashem's will that I and all who are trying to make it to 90 days clean (and beyond!) succeed.

Lets do this!

i slipped and gave in to the "just a little bit cant hurt" temptation. But i told myself that its just not worth it and i stopped.

still having urges - i need to get through this!

Keep it up! I think the important thing at this point is to keep your mind away from it all all times. Hanging on to it mentally is what messes us up. The urges do get better, BEH

Acknowledge their existence, recognize that it's an outside urge - and let them pass, hopefully they'll continue by without bothering you anymore.

Keep up the great work and great attitude!

hi

its day 16.

feeling good.

im in a sort of dilemma right now regarding shmiras einayim/halacha/hashkafa. i really need to speak to someone about it.

that would be in an ideal situation where i had someone to speak to.

though there are rabbeim i can technically speak to, ive never done that kind of thing - ive never developed a relationship with any of my rabbeim to the hadracha level.

im not an open person by any means, and this is a very difficult thing to do in my mind.

but i know that i need to do it. i need guidance no matter how many times i tell myself i dont.

sometimes i wish things were simple.

but thats life.

I wish I had talked to my rabbeim about this back in yeshiva.

To force yourself to discuss these issues. Go to one of these rabbeim and ask if you can talk at

some time. Thats it. What happens next will flow from there, out of your hands, for now all you have to do is this one easy thing.

As for the actual conversation, for now just think up something brief. More can come later when you feel like talking more. Or the conversation makes you more comfortable with talking more. But you might well not be the first person who has come to him with this issue, he may know what to say and ask.

Yes, definitely go for it. Realize letting someone know about your situation is itself a Nisayon of the greatest magnitude. Think of the incredible accomplishment of this one act. And realize , as I saw quoted here (forgot by whom) sometimes the only Bechira we have is to reach out for

help. It's not a weakness, it's a strategy to fight the Yetzer Hora like any other. Let us know how it goes - my guess is that after the first minute, you will be pleasantly surprised at how much easier it is than you thought, and how free and unburdened you'll feel.
