

90 day log!

Posted by TheYoungerTwin - 05 Dec 2021 01:29

im lo achshav, eimasai

I just fell last night.

i haven't gone 90 days without masturbating in the past 4 years. The closest I got was maybe a month and a half. I don't just need to stop, I really WANT to stop. And I have to accept that I can't do it alone.

So, bli neder, I will post an update every single day (except for when it's impossible) so I can keep focused, stay motivated, and keep the "one day at a time" mindset.

May it be Hashem's will that I and all who are trying to make it to 90 days clean (and beyond!) succeed.

Lets do this!

day 34

going through a bit right now.

masturbation was always my go-to stress-reliever.

Exercise is a great replacement. Masturbation causes the brain to secrete calming agents - endorphines - into the brain. When one exercises to the point that one's heart rate is raised, the same endorphines are released. Fact is, we need stress relief. Take care of yourself buddy; just do it in a kosher healthy way. In addition, if you exercise regularly (not just when feeling stressed), it keeps one in a generally healthy state of mind and does not allow stress to build up.

was having urges this afternoon and i forced myself to do exercise instead of continuing those thoughts.

it was pretty rough - i felt like giving up.

Thank G-d i didn't. I wouldn't stand a chance without the support of gye. Just knowing that people have been following my progress helps so much. Thanks guys.

day 37, feeling good.

37 just feels like an in-between number but every day counts.

37 sounds like a HUGE number! The daily tracker gives us a tangible way to track our growth,

but the significance of the work you are doing cannot be adequately captured by a number.
Without a doubt you are a different person than you were 37 days ago. Keep it up!
