

Feel Like Im Slipping

Posted by bentchkvatcher - 24 Oct 2023 19:59

Bh I have been having a great streak keeping my eyes to myself and not going a on any sightseeing walks (which is my big struggle).

But I am getting that vibe Im a little down, a little freer with where I look and overall triggered. I really would like to go on one of my walks. Prob is that sends me so downhill.
