Good bye and good luck to you!

Kol hakavod for taking this big step. I believe that if someone really doesn't need the Internet, he shouldn't have it. The Kedolim have said this over and over.

Please feel welcome to join our future kumsitzim! Maybe give IT25 your number and he'll call you when the next one's scheduled.

All the best,

Your friend and brother in recovery,

Momo
