

Community Chizuk in it together

Posted by inprogress... - 11 Apr 2024 18:19

---

Hey would love to get a community to post every day or every other and just stay strong. I am 23 single and currently dating. I am finishing college this year and work and learn in the mornings. On average slip a couple times a month but have had great streaks. Looking to be involved here which I think is crucial to stay strong.
