Thank you so much for the much needed chizuk at the perfect time. Something super stressful just came up and your chizuk came in clutch.

I have it in good standing, that your 23 clean days are what kept E'Y safe today, in the face of the Iranian attack.

KEEP IT UP!!

Day 24 as of 5:30 pm Clean!

Can't wait to come back after shabbos reporting 27 days!

Wishing my warm family a Ksiva V'chasima Tova.

PS We GYE'ers have an extra zchus coming into the Yom Hadin, we care that were going through what were going through and want help (or want to want help), so keep it in mind.

Being here isn't a flaw it shows our strenth, weather were clean in the moment or not.

A Gut Yur!

I am having massive urges right now. If I stay inside I am bound to fall. I am gonna head out and hopefully things will get better.

I did a little filter poking and didn't see anything besides an image or 2 of soft soft core for a second. I hope I am passed it, and am happy I didn't have any real falls.

Day 28 Clean! (besides what I mentioned in my last post)

Yes it feels great to make it to 4 weeks but to be honest my day today had very little spirituality so I feel very empty and ichy. I hope tomorrow will be better, being that we are back to regular schedule.

Day 29 Clean!

I had some rough time today and I sent a text to a fellow mentor I made here on the site (I wrote to him that this battle is a "sulam ain sfor shlavim - A ladder with countless rungs") and he gave me a few minutes of his time sharing chizuk and insight.

For those who haven't done this in the past, I highly recommend it. If your going through rough times reach out to a friend you made over here or someone your comfortable talking about these things with.
