Posted by stopsurvivingstartliving - 24 Jul 2024 20:58

As a single bochur in Yerushalayim I hope to go for 90 days M-Free. Bh regarding porn I am by day 47 but because M is my main struggle right now I want to have this thread just for M.

Today if I bez"h pass it will be day one I still have to withstand an hour or 2 including a shower. I ask hashem to give me help through this challenge and through this i can grow in totah avoda and yiras shamayim.

I wish to STOP SURVING & START LIVING.

PS special shout out to HHM who it turns out months ago when I reached out to GYE and they hooked me up with a pro and maiven to talk to it was him, and he's been supporting me since. Keep it up HHM, keep helping klal yisroel.

Reporting a win!

Found a loophole, went on there and saw a softcore picture. I could have went further and saw more softcore stuff which would have been very triggering now that I am clean several days. I went a head and clicked my filter extension and blocked the site. Now if I want to open it I need my admin's approval.

I don't believe it myself, but when there is something motivating you it makes the battle a whole lot easier.

The following post is really a confession but I am not writing it to bring out a point. Facing what I am gonna write will be hard for me but something is telling me to do it.

For a nice tekufa I got my hands on some movies / TV shows. I generally kept away from the bad rated ones. I mainly watched action over romance. Now even though it wasn't titled "romance" they still stick in a lot of it. The things I watched weren't so clean either. Sex was bought up all the time in the scenes (nothing hard core).

Most of the period I was watching these stuff I was masturbating at night. I somewhat gave up. Stopped posting. Stopped keeping in touch. **Stopped living, Period.**

I never associated this to the fact that I am watching. I wasn't watching porn after all, not even soft core. Lately Baruch Hashem I stopped. Not because I wanted to but because Hashem made me.

Since then I was pretty much clean. Since then I don't think I masturbated. Since then the battle was much more pleasant.

I was thinking one day, WHAT IS PSHAT? How come I am finally able to do it?

And then it hit me. The sex scenes, the talk about sex, was going right into my subconscious. Then at night in the shower an urge would hit me to masturbate and I would do it. Once I stopped watching all this poison (@Chaim_Oigen always says after watching porn there's that

poison in your blood, I am saying these non pornographic stuff can be poison as well) things got much easier.

So all those out there watching soft core / romantic scenes, first of all I am not saying it's an easy one to stop. I can't say I wouldn't be watching if Hashem wouldn't have stopped me. I know how "geshmak" it is to sit down to a show you've spent hours following already.

But, if kedusha is a struggle and you never thought it's related to this, rather blaming it only on the hard core porn stuff. You may want to rethink. From my experience the case can be different.

Wow, so true. In my experience I have found watching the "non P" stuff leads to watching explicit stuff, and even P. The avoda is...stay the HELL AWAY! (Even from the less "hellish" stuff)

FTFY

Very important truth. Our brain plays oh so many games and labeling techniques to "help" us get what we "need".

Thank God I am still clean. I am happy to say I was able to - with Hashems help - turn down some temptations that came my way.
