Hi.

I have a story, but Im not ready to share yet.

Right now I want to focus on trying to not watch innapropriate material, including P and doing M.

This is not who I am and although I have struggled on and off for a while, I want to end it.

I appreciate all encouragement.

Now that I've got that off my chest, let me share my feelings about the above video:

He mentions 3 stories where someone had a real Nisayon of ????, overcame the YH with tremendous strength and was Zocheh to marry that same beautiful woman (or her daughter). How should I get inspired by that? I have a major Nisayon to watch porn, or to go to a place where I can be with a Shiksa. I would love to act out every time I feel urges or stress. I am controlling myself and overcoming my burning YH. Now what? Where and when will I receive those enjoyments in a kosher way (to that degree)?

The Gaon's words need to be seen inside the ???? and need a ??????. Meanwhile, this video hasn't majorly inspired me but rather made me jealous of that Talmid who got to marry a very sought-after pornstar. Please excuse my language.

Everyone can have their opinion about different Vayimaen videos and its healthy to debate and offer critique.

But this one is a freaking mic drop.

Brought tears to my eyes.

I think it gives inspiration toward people that are disgruntled from the if I watch my eyes Ill get instant reward here in olam hazeh stories - this is a person that bd'erech hateva it was impossible for him to even live "normal" life - and he still found the strength. We could only

imagine what incredible reward awaits him.

Just a thought. Maybe we ought to live with Olam Haba more. How long is the whole olam hazeh anyways? And eventually it ain't exciting. Even if we keep our marbles and dont end up in diapers. And up there is forever. Bliss. Where do we wanna invest? What the hell are we doing???

The yetzer's push for tayva right now is very strong...what shame! Up there the struggle is gonna be so worth it...hold out!!

(Talking to myself at least...)

What a shame!

Last night I had an urge to get onto a bad link that I think might have been allowed by my filter. I dont remeber the link. I deleted my history even though it was hard for me.

I am very embarrassed to say I fell.

There were several YouTube links that I had previously gotten access to that I had an urge and fell.

So quick, so dumb, and so damn stupid. Just raw lust. And not enough ruchniyos, consistency in learning.

I don't feel like my progress was a waste.

I am in this fight to win it.

I am not giving up.

I am getting back up and realizing that my 3(4?) days was a good run for me and I can do that and bez"H more again.

I need to block those links.

I need to be serious about learning.

I will win bez"H.

I am not going to collapse.

Life is better without the garbage and the fight gets easier.

I also feel very humbled.

I also need big hugs and alot of chizzuk.

Its hard to fall after alot of work and progress.

I hope someone out there maybe gets inspired and gets back up from a fall as well.

Just reporting in I blocked the bad links mentioned above - its a very annoying job for me to get them back.

My sync seems frozen so my count is not updated but Im back to one.

Wondering if I have an oisoi isha oisoi makom type of teshuva because as I was blocking the links I was checking them and was able to watch but I didn't.
