WOW!!

great job!

I'm also 15 days now

we're starting the accent

keep up the good work!!!

Guys,

Get it into your head.

If you can go 15 days with M and/or P and you didnt explode. You can go 1500 days! There is no difference. It just us telling ourselvs, oh i will crash and burn, its too long. But think about it.

Whats the difference? The desire actually decrease the less you act or fantasize.

Good luck brothers!
