Perhaps, we should treat it like the Omer. We should be counting up to the goal.

We're waiting for you! If you don't plan ahead of time you can easily lose control once you reach zero. You can adjust your plan later but you should already have a plan in place. If this would be a count up I wouldn't have this concern. Counting to zero means that you will release tension once you get there. Re: Counting down Posted by hollyari - 14 Aug 2025 13:50 Good Morning Brother.. You can't just let me hangin' here.. Come on.. Talk to me, I'm waiting at your door.
