

Noora BAmaram's Journey and Journal

Posted by Noorah BAmram - 07 Jun 2009 17:27

---

Shalom Alleichem to all my friends on this holy forum,

Today is with the help of Hashem day 61 on my sobriety journey.

I choose the name Noraah BAmram based on the famous story at the end of Kidushin where Reb Amram Chasida was faced with the battle we are all battling on this site. when he was halfway up the ladder to sin he shouted out **"FIRE IN THE HOUSE OF AMRAM - "FIRE IN THE HOUSE OF AMRAM -** I too scream out "fire in the house of Amram" "fire in the house of Amram" and all the sages came running to save him>

I hope and pray that thru my continued posting on the forum and being on the 90 day chart, somehow the fires of the YH that is waging inside me will be also be extinguished.

The chizuk and understanding that I received from all the members on this forum since I found this site about 2 months ago is absolutely indescribable and immeasurable.

Thank u to each and everyone of you- starting of course with our beloved webmaster, affectionately known around here as "Rabienu Guard" for opening up and sharing your own struggles, tips and suggestions and thereby giving me such tremendous chizuk.

I'm not the best typist in the world but i will try to keep posting as time allows.

hello to all,

I haven't posted in a while and hope that Guard wont deactivate my account and user-name due

I'm feeling a little weak and blue here and realize that a "post' will do me good. (so would some physical exercise but posting on GYE is less caloric expenditure so i will stick to "the typing  
)

the summer really does something to my spirits, and summer Sundays are the absolute worst.  
im almost at the point where i will even look for a chavrusa :D :D

does any one else here experience the "Sunday Summer Blues"?

how do you deal with it?

Kosher Isle <http://www.guardureyes.com/GUE/Time/time.asp> is good but needs updating - especially the clean books section - How many times can i read Sherlock Holmes?

if anyone has any ideas and suggestion for classic clean books (or any other updates please respond to me and too "the Guard"

Love to all

Noorah the littlest of the house of Amram

Dearest Chevra all the holy warriors on GYE-

Need to share:

Maybe not right away but the end result is guaranteed

Here i am over a year on the WOH - and what does the jerk do - he tries to bypass his filter  
> > >

an absolute utter MORON

**Thank you Hashem for opening up my eyes to this stupid game of Russian roulette that i began to play** Thank You Hashem a million times!!!!!!!!!!

I must never ever forget the *yh*/addiction - call it what you want - is just waiting for me get complacent, to get smug, to forget that no matter how many "days" clean i have ...CAUSE

THE ONLY DAY THAT REALLY COUNTS IS **TODAY**

and TODAY IS ALWAYS DAY NUMBER ONE!!!!

LOVE TO ALL

a very humble

Noora,

Good to have you back.

You hit the nail on the head. "Complacency+boredom+burnout = absolute disaster :(Maybe not right away but the end result is guaranteed "

If we can stay focused on today.....

As you say...

We wont let our self start to play..

Since addicts we are...

never step in to the bar..

only one drink ....

we think.....

Before we know it- we're back in the clutter....

um...How did we get in to the gutter.....

Always remember

TODAY- is only ONE DAY

Thanks for Screaming fire.... Noora.

Great lesson for us all.

Thanks noorah.

It is great to see such people like yourself that was able to protect yourself. Unfortunately, there is no such thing as one quick look and lets get back to sobriety.

Keep on trucking, man.

Try Hitchhiker's guide to the galaxy. It is a trilogy. Perfectly clean. Except I think the 4th book he writes, as a preface to one of the chapters, that "people complain that he writes too clean, so this chapter is.... ahem, and you can perfectly skip it since it has nothing to do with the plot..."

check out James Herriott as well. clean as far as i remember and hilarious and well-written. oh, and the book is thick enough to double as a support for height-challenged drivers so it should keep you going a bit.
