

Bruce's Battle

Posted by BruceWayne - 17 Jun 2009 14:30

OK guys, it took me a little while but I'm finally up on this part of the forum. Most of you probably know who I am by now, so I won't repeat my story. You can find that and a bunch of other stuff at my original thread here: rehab-my-site.com/guardureyes/forum/index.php?topic=503.0

I will be posting my progress towards 90 clean days almost every day here. Updates will be right before I go to sleep, once the day's victory is secure, or the next morning.

This thread is really for myself. I don't care if no one reads it. It's here to keep me accountable and to help me get there.

So far I have been clean for 4 days. Today will hopefully be number 5.

BTW, there is apparently another hero type here by the name of one "Clark Kent".

Glad to see I'm such an inspiration....

OK, I need to qualify that. We are ALL heroes here. But only two of us are from the comic books.

Can we get some more? Where's Spiderman? Or Wolverine? Or Professor X? He's Jewish, you know.

Was that Professor X or Magneto? I think it was Magneto, who's the "bad guy".

Whatever. The more the merrier (even though Christmas was last week).

Everyone knows that the comics industry was started by Jews and is controlled by Jews, just like we control Hollywood, all media, the banks, the President, and even the aliens from outer space. Yep, it's all those dern Joookz.

And of course to bring us back to the merry subject of rapists.... I once a seventeen your old child molestor open up to me. I never in my life could have imagined that I could have any rachmanis on a child molester, until I spoke to this kid. He himself had been repeatedly abused as a kid, and couldn't fathom why he was being powerfully drawn to touching other kids. He was so depressed and ashamed of himself that he attempted suicide twice... He was living in intense pain 24/7. Hearing his story filled me with such sadness because he wasn't a bad person, he was just doing very very bad things...

It is probably hard for you to understand this, but if you were in my office that day, when this kid came in... I think anyone here would have had rachmanus on him. Does that mean that I think he should be within a mile radius of any kids... no.

Do I still have rachmanus on him.... yes.

And this is from someone who has seen many kids whose lives have been broken by chesters, and even has a brother who was molested by someone... so it's not like I don't recognize the severity or sickness behind those actions....

We never know what is behind someone else's actions... We never know where he is coming from... and could very well be the best place for this guy is a prison where he will be prevented from doing the things he hates himself for... but we can't decide those things

i'm really sorry bout the neighbors... that's awful and so triggering

Yeah, I slept. I survived the night.

But he and I are gonna have to have a "little talk". Where I'm from, that doesn't mean discussing our feelings over tea and crumpets.

I should probably move, especially if he refuses to stop bringing her over.

i'm so happy you survived...

i'm thinking of sooo many mean things i'd like to do to that guy... they're so mean they're unpostable *evil laugh*.

unless, of course, he simply has no idea you can hear every sound... in which case, a "little talk" should clear things up. i'd hate to be on your black list

gluck

Honestly, I think he thinks I can't hear because he only does this when the guy in the room right next to him isn't here.

He's gonna be pretty embarassed when I let into him about this.
