Now on to **today's** brocho with gusto!

(sorry for the yucky words, but nothing else says it quite like the H-word does :o)

anongye,

your neshama is still as pure and uncontaminated as ever, it might be that a certain blockage was thrown between your senses and it's essence which can hinder you 'feeling' it, but like a diamond that falls down and gets dirty, it is a matter of brushing off the dirt and it will shine again.

learn from your experience and keep right on trucking.

you are doing awesome.
