

Tzvi's Progress

Today is day one for me.

That may not sound great, but the truth is it's much better than day zero. Kedusha was one of the people that gave me advice on what to choose for a taphsic k'noss.

I chose kappettel 119 as the k'noss like he suggested.

I'm not doing shavuois though. I'm stam doing a kaballah bli neder which should be good enough for me.

Unfortunately I'm used to falling a few times a day, and often I will have to suffer with very strong urges that just don't seem to go away.

For today, my accomplishment was joining Duvid Chaim's call. I am hoping that this will start me on a successful path.

This is a MAJOR accomplishment!

It may be the difference between doing & not doing....

Insanity (v), Repeating the same actions while expecting different results.

If the old way wasn't working for you, it is time to go to the next level!

You are on the right path! You will, b'ezras Hashem, arrive!!!

hi Tzvi, ma nishma?

I don't feel strong enough to announce day 1, day 2, etc.

I don't know if there's a tachlis in that either. For now announcements feel premature.

There is a twelve step line. " Its an inside job" This mean change comes from the inside.  
Somtines these changes arent postable. They are deep inside.

This is a really 'deep' concept....

I didn't do much. All I did was help YOU recognize what steps YOU can take. All YOUR growth is to YOUR own credit!
