I think that soon is a four-letter word...and a bad idea.

Now is much better. Becvause anyway, at some point you're going to have to change "now." It's just a question of when that "now" will be, and it can always be a later now...forever.

Or it can be the now that's right now.

I get sad on motzi shabbat. and I want to be less sad, in fact, I want joy. I want simcha. I deserve both. Don't I?

but I won't go into a pit. May I not go into a pit. May H' guard my from the pit of sheol.
