I was having some fun guys. Go choose yourself an AVATAR on [this page](#).

1) Right click the picture you want and select "Properties". Then select and COPY the picture's address or URL.

2) Then click on your name in the forum and when you see your member summary, click "Forum Profile Information" under "Modify Profile" on the left.

3) Then paste the URL address you copied into the field for "I have my own pic:"

4) Press "Change Profile" at the bottom, and PRESTO - you have a PICTURE next to your name in the forum!!
