I was having some fun guys. Go choose yourself an AVATAR on this page.

- 1) Right click the picture you want and select "Properties". Then select and COPY the picture's address or URL.
- 2) Then click on your name in the forum and when you see your member summary, click "Forum Profile Information" under "Modify Profile" on the left.
- 3) Then paste the URL address you copied into the field for "I have my own pic:"
- 4) Press "Change Profile" at the bottom, and PRESTO you have a PICTURE next to your name in the forum!!
