About 20% of the guys on GYE struggle with SSA issues as well. We have a special page for SSA resources [over here](#).

If you are in Israel, here's an important announcement:

Upcoming very soon in Israel for the first time ever is the Journey into Manhood experiential healing workshop. This workshop is advocated as one of the best and most important steps a man can take today towards healing unwanted SSA. The workshop will take place in the South of Israel on a secluded private campsite in the Negev on June 19-21 2012. Check out www.peoplecanchange.com/israel for more details.
