

Looking for Volunteer for GYE Phone Community

Posted by the.guard - 24 May 2013 02:13

---

When users sign up to join the GYE phone community (in the [partner program](#)), we get an e-mail with their number. We don't confirm them (and allow them to see everyone else's numbers) before calling them to make sure the number they provided is legitimate.

I am looking for a volunteer who is willing to call the numbers. It really does not involve a lot of work, it's an average of 3-4 sign ups a week, and each call takes only a moment.

If you are interested in helping with this, please contact me at [eyes.guard@gmail.com](mailto:eyes.guard@gmail.com).

Thank you!

No one has responded yet...

Here is the simple text of the conversation for confirming someone for the GYE community:

*Hi, I'm calling from GuardYourEyes to confirm you for the GYE phone community. Is your username ?*

*Yes? Ok great, we just have to make sure that anyone who we give access to other people's numbers is legitimate.*

*We'll approve you for the GYE phone community. You will now be able to see other people's*

*numbers, and they will be able to see yours. Make sure to use this important resource to reach out to others for chizuk when feeling weak.*

*Hatzlacha Raba!*
