This special group would follow certain guidelines:

- It will be following the 12 steps as outlined by Rabbi Shais Taub in his book; "The God of Our Understanding". We need someone with 12-Step experience to lead the group. Oh, and we need members!
- Our specific goal in this group is to be become close to Hashem and better JEWS in all aspects of our life. This is a JEWISH group and adherence to Torah and Mitzvos is certainly part of our goal.
- Detailed discussed of acting out behavior is not allowed in public. (It may be necessary and have value in some contexts but its not for this public forum).
- It is not for people whose level of addiction has progressed to live acting out.
