

Help us with this new development

Posted by obormottel - 15 Nov 2015 21:01

We'd like to create a mobile APP for people to get instant chizuk when they are triggered. It will have Inspirational images, sayings, Turn-Off images, as well as short, motivational thoughts of inspiration.

We're looking for your help. Please send us your short motivational thoughts, images, sayings etc. Especially the ones that you found most powerful in your OWN journey. Send them to: eyes.guard@gmail.com

Thank you.
