

NEW! LIVE 12-STEP-GYE GROUP STARTING IN A LOCATION

Posted by the.guard - 19 Jul 2017 19:12

After much success with Hebrew live GYE-12-step groups in Israel, we are starting live GYE groups around the world.

This is great news for anyone who wants to break-free and take their recovery to a whole new level. The live 12-step groups are the most effective tool we know.

If you are interested in finding out more information or joining a new group in your area, please click below and fill-out the online form.

Note: GYE's live groups are not meant to compete with SA groups. They were created because many of our members will not go to SA (or SA may not be the right program for them). Many GYE members started in the GYE live groups and continued to SA.
