Where does one find a sponsor well versed in the SAA program?

Please do yourself a favor and don't spend years wasting your time in SAA until you relize that SA is the program that works. Go straight to SA and you will find a sponsor at the meeting.

The definition of sobriety in SAA doesn't sound right to me. The lack of rigidness in the program doesn't sound right to me either. I am not familiar with SA or SAA so I may be wrong.
